ABOUT OUR PROGRAM

Common Ground Cafe is more than just a great place to eat, it's a place where opportunity and community come together. As a program of Progressive Directions, Inc., we provide a job skills training program for people with intellectual and developmental disabilities, creating pathways to independence and meaningful employment.

Through a structured internship, participants gain hands-on experience, learning essential skills such as customer service, teamwork, and time management, equipping them for future success in the workforce. Every purchase you make supports this mission and helps build brighter futures.
